It's the revolutionary science study guide just for middle school students from the brains behind Brain Quest. Everything You Need to Ace Science . . . takes readers from scientific investigation and the engineering design process to the Periodic Table; forces and motion; forms of energy; outer space and the solar

system; to earth sciences, biology, body systems, ecology, and more. The BIG FAT NOTEBOOK™ series is built on a simple and irresistible conceit—borrowing the notes from the smartest kid in class. There are five books in all, and each is the only book you need for each main subject taught in middle school: Math, Science, American History, English Language Arts, and World History. Inside the reader will find every subject’s key concepts, easily digested and summarized: Critical ideas highlighted in neon colors. Definitions explained. Doodles that illuminate tricky concepts in marker. Mnemonics for memorable shortcuts. And quizzes to recap it all. The BIG FAT NOTEBOOKS meet Common Core State Standards, Next Generation Science Standards, and state history standards, and are vetted by National and State Teacher of the Year Award-winning teachers. They make learning fun, and are the perfect next step for every kid who grew up on Brain Quest.

"Science Prep Cat 2nd Edition" is a comprehensive approach to developing your scientific understanding in order to successfully prepare for the new Florida 8th grade science FCAT 2.0. Each science content area associated with the 8th grade FCAT 2.0 are included in this essential 260-page study guide written in the newest Next Generation FCAT 2.0 standards. These areas include: The Nature of Science, Physical Science, Life Science and Earth and Space Science. "Science Prep Cat 2nd Edition" is complete with a comprehensive glossary, multiple chapters all with review questions, a 60 question final exam, a calculations section and answer keys for all questions. Content is presented in a ready-to-use and easy-to-understand format. Join the hundreds of students who have already taken advantage of the opportunity to jumpstart their science FCAT preparation months in advance of their class. Independent study has never been easier! Give yourself the academic edge with a year's worth of science curriculum at your fingertips. A deeper understanding of science and early preparation will translate into a higher FCAT score. You are on the right track!

The 8th Grade Common Core Science Practice Workbook is a must-have guide for all middle school students studying the 8th grade California physical science curriculum. This comprehensive study guide prepares all 8th grade students for the Common Core physical science exam scheduled to be administered starting 2014-15 academic year. Major concepts, math skills, problem solving, and comprehension questions based on the California standards for physical science are emphasized. This practice workbook is designed to prepare students academic success!

Spectrum Science Test Practice provides the most comprehensive strategies for effective science test preparation! Each book features engaging and comprehensive science content including physical science, earth and space science, and life science. The lessons, perfect for students in grade 8, are presented through a variety of formats and each book includes suggestions for parents and teachers, as well as answer keys, a posttest, and a standards chart. Today, more than ever, students need to be equipped with the essential skills they need for school achievement and for success on proficiency tests. The Spectrum series has been designed to prepare students with these skills and to enhance student achievement. Developed by experts in the field of education, each title in the Spectrum workbook series offers grade-appropriate instruction and reinforcement in an effective sequence for learning success. Perfect for use at home or in school, and a favorite of parents, homeschoolers, and teachers worldwide, Spectrum is the learning partner students need for complete achievement.
