Learn the basics of practical accounting easily and painlessly with Accounting For Dummies, 4th Edition, which features new information on accounting methods and standards to keep you up to date. With this guide, you can avoid accounting fraud, minimize confusion, maximize profits, and make sense of accounting basics with this plain-English guide to your accountant ' s language. Understand how to manage inventory, report income and expenses for public or private companies, evaluate profit margins, analyze business strengths and weaknesses, and manage budgets for a better bottom line.

Take the stress out of bookkeeping with this bestselling guide! Warren Buffet has called accounting ' the language of business ' —the less well you speak it, the less likely you are to succeed. But there ' s no need to be intimidated: Bookkeeping for Dummies, 3rd Australian Edition is here to help make —and keep —you fluent. Whether you ' re a small business owner who ' s beginning to grapple with concepts and terminology, or a bookkeeping professional who wants to stay on track with the latest software or regulations, this bestseller will help you keep your business on the right side of the ledger. Written in friendly, easy-to-follow style by leading financial tech author and instructor Veechi Curtis, this comprehensively updated guide has you covered: from the basics—understanding the lingo and recording income vs. expenses—all the way to Cloud accounting and conforming to the latest BAS legal requirements. Master the essentials, from recording transactions to payroll Choose and use the right software Allocate difficult-to-code transactions more easily Pass certified courses with flying colours Whatever your needs, this practical guide will keep you out of the red and ensure all your numbers add up flawlessly — every time.

Not feeling too peachy about computerizing your accounting system? Relax! Peachtree For Dummies, 3rd Edition will show you how to set up your company in Peachtree and then use it to pay bills, invoice customers, pay employees, produce financial reports, and more. You ' ll quickly discover how Peachtree can save you time, effort, and money so that you no longer have to do your accounting by hand or pay someone else to do it for you. Publishing to coincide with the latest release of Peachtree, this third edition is revised to cover the newest updates and enhancements made to the most recent version of Peachtree. Veteran authors Elaine Marmel and Diane Koers break down the capabilities of Peachtree Premium Accounting, from building an effective chart of accounts, to customizing forms and modifying reports, to setting up default information that will save you time down the line. You ' ll also discover how to: Work with purchase orders Sell products and services Generate invoices Track project costs Produce income statements Back up and restore data Balance accounts Manage inventory Handle customer prepayments Pay for purchase orders with a credit card Keep your account information safe Packed with examples of everyday, real-life situations, Peachtree For Dummies, 3rd Edition is the reference you need so that you can put Peachtree to work for you and get the job done quickly and correctly.

Reading Financial Reports For Dummies, 3rd Edition (9781119543954) was previously published as Reading Financial Reports For Dummies, 3rd Edition (9781118761939). While this version features a new Dummies cover and design, the content is the same as the prior release and should not be considered a new or updated product. Discover how to decipher financial reports Especially relevant in today's world of corporate scandals and new accounting laws, the numbers in a financial report contain vitally important information about where a company has been and where it is going. Packed with new and updated information, Reading Financial Reports For Dummies, 3rd Edition gives you a quick but clear introduction to financial reports—and how to decipher the information in them. New information on the separate accounting and financial reporting standards for private/small businesses versus public/large businesses New content to match SEC and other governmental regulatory changes New information about how the analyst-corporate connection has actually changed the playing field The impact of corporate communications and new technologies New examples that reflect current trends Updated websites and resources Reading Financial Reports For Dummies is for investors, traders, brokers, managers, and anyone else who is looking for a reliable, up-to-date guide to reading financial reports effectively.
