then reread the text. This chapter focuses on regulation and regulatory processes overlap. This is a chapter that will require slow note taking and memorization. 1.

~~AP Biology~~

Chapter 45 Hormones and the Endocrine System
Lecture Outline . Overview: The Body's Long-Distance Regulators. An animal hormone is a chemical signal that is secreted into the circulatory system that communicates regulatory messages within the body. A hormone may reach all parts of the body, but only specific target cells respond to specific hormones.
