"Imagine it is the seventh century. As most of Europe continues its descent into a long period of intellectually dormancy, a quiet yet powerful academic revolution is erupting in another corner of the world. Over the next centuries, the geniuses of Muslim society will thrust the boundaries of knowledge forward to such a degree that their innovations still shape civilizations to this day. The staggering achievements of these men and women influenced the development of modern mathematics, science, engineering, and medicine. 1001 Inventions: The Enduring Legacy of Muslim Civilization sheds new light on this golden era that was once lost to so many, and

celebrates the heritage that we all share"--P. [4] of cover.

The history of inventions was born more than 10 centuries ago. 10,000 years of inventions and creations of the human being, of the so-called *Homo Sapiens*. This book traces the history of the most important inventions and discoveries that have happened throughout the centuries, this work defines in an extended and very complete way the definition of all those creations that some geniuses created in their day. From the most remote antiquity, those stone tools created in the era of the Cromagnon man, to the most advanced cybernetic and digital technologies of our time. As an author, I realized when writing this book, that although we think we know almost everything, we do not really know almost anything...

Winding its way like a long dragon through 4,000 miles of mountains, desert, and grasslands, The Great Wall of China was built entirely by hand, taking hundreds of years and millions of workers to complete. That's just one of the myriad wonders of China children will discover in this far-reaching book. "D is for Dancing Dragon" brings China's history and culture alive by describing its unique customs, art works, music, foods, geography and wildlife. Children will learn, for example, that paper, ink, printing, umbrellas, kites and fireworks are all Chinese inventions. They'll find the secrets of how silk is made, how chopsticks work and why you should never cry on the Chinese New Year's Day.
