Jenny doesn't carry bags of groceries, she wears an expensive leather jacket, shiny motorcycle boots, and rides a yellow Ducati, a Panigale Tricolore. She enjoys her financial freedom, when she is not riding, she is swimming in her 25 meter heated pool. During a high speed chase on Angel Crest Highway, she meets a super bike buddy, the man with the Augusta. She invites him to her Tuscan style villa where they swim and argue like they have been knowing each other forever, but she wonders why nothing else really happens. A yacht escape to the Channel Islands with her best friend and the new buddy sounds like the perfect week end plan, well, not really. The boat gets impounded, the enigmatic man has disappeared, and whats left of him is just his super bike. Who was he, and what happened to him.

Motojournalist Peter Jones tells all in The Bad Editor, Collected Columns and Untold Tales of Bad Behavior. This 250-page book reveals the inside story of a motojournalist's life inside the USA motorcycle industry. The book was created to be irreverent entertainment for motorcycle enthusiasts, not to even scores, vent anger, or be hard-hitting muckraking journalism. In this book, no names are mentioned, brands identified, or world problems solved.The 30 Collected Columns in this volume first appeared, in slightly different forms, in SportRider Magazine, American Roadracing Magazine, Motorcycle Street & Strip, Speed.com, and Motorcyclist. The 19 Untold Tales of Bad Behavior are original to this book. This is the first published collection of moto-writings by Peter Jones, a familiar voice to many motorcycle enthusiasts due to his 20-plus years of motorcycle reviews, columns and lifestyle editorials in numerous periodicals. Jones is known to be a dubious writer who chooses his friends poorly and who has failed to be a positive ambassador for motorcycling.

American Motorcyclist magazine, the official journal of the American Motorcyclist Associaton, tells the stories of the people who make motorcycling the sport that it is. It's available monthly to AMA members. Become a part of the largest, most diverse and most enthusiastic group of riders in the country by visiting our website or calling 800-AMA-JOIN.

For the new rider, the returning rider, and the veteran who's looking for more information, this handy book has it all: the necessary facts on street-riding from first to last, clearly and concisely laid out. Author Bill Stermer brings an insider's knowledge to the job, and the result is an expert, user-friendly guide to selecting, equipping, understanding, and using a street motorcycle?with occasional useful detours into such topics as road food and tunes, security and first aid, staying warm and dry, carrying laptops or cameras, and shipping your bike. From a close survey of the types of street motorcycles and different engine configurations, Stermer goes on to discuss features and options, accessories and apparel, mechanical considerations (from power and suspension to detailing and tires), and using a motorcycle in a group or alone or with a passenger, to commute or camp, for rallies or tours.

"Forgive Me Father for I Have Sinned" is the story of Max Sinclair and his life experiences, leading to his enlightenment and spiritual development. The novel is a Bildungsroman and creative nonfiction. The facts used to support the fictional story of Max Sinclair and his manic exploits are gleaned for the most part from Wikipedia. The novel takes place in the year 2022 and contains information about current American and world at large issues. It is as enlightening as it is entertaining. Max Sinclair is the twenty-five-year-old son of Samuel Christian Sinclair, billionaire CEO of the Sinclair Group of companies. That manufactures advanced products including computer-network-security software, wireless renewable energy systems, long life sodium ion batteries, transportation vehicles, graphene based metamaterials, clean water desalination plants, high protein food bars made from locust and bio-printed medical organs. To military platforms and aerospace innovations. Created using a new man-made carbon super material called Graphene S, which is 300 times stronger than steel and weighs next to nothing. Making it an ideal metamaterial for Aerospace applications and use in 3D/4D printing everything you can imagine. Max is Bipolar I, Mentally Ill and Chemically Addicted (MICA) he has had many incidents and psychotic episodes. The most serious of which was attempted suicide by massively overdosing on his anti-psychotic prescription medicine and a bottle of expensive Single Malt Scotch. He is miraculously saved at the last minute as he was sure to die drowned in his vomit on a park bench in Manhattans Columbus Circle. Instead, he was rushed to Bellevue Hospital where he is revived after 7 days in the ICU. Against his will and only because his father threatened to cut off his trust fund; Max is sent to drug and alcohol rehab to clean up his act. After nine months in psychiatric hospitals and a sober living house, Max is released with the 9 AA coins to prove he was now sane and no longer needs supervised probation. It doesn't stick. The day Max leaves forced rehab returning to his New York City mega condo in Time Warner Center. He is back to his old ways; smoking a joint and having a Single Malt Scotch to relax from his demeaning ordeal. Soon he is playing with his favorite toys, Ferrari's and his Ducati motorcycle that usually equates to thrilling trouble. From his association with Russian Gangsters who own his favorite nightclub in Red Hook Brooklyn, to his love of Moto GP racing, expensive Timepieces and piloting jets; Max is living on the edge of crazy. On a trip with his European friends in May of 2022 to participate in the Commercial Bank of Qatar Moto GP race in Doha and to find his dream pin-up; a beautiful and sexy, Spanish model working as an umbrella girl for Monster Energy. Max falls into the greatest race in the world sponsored by a shadowy Russian arms dealer. Max flies a stolen Sinclair Gulfstream G650 ER over war-torn Iraq in the do-or-die Gauntlet. Getting Max back to Hopi City Arizona before his father Sam makes an earth-shattering announcement is the prime objective for the head of security at the Sinclair Group, Sebastian Michaelis, ex-Army Delta Force Colonel and SOG alumni. Forgive Me Father for I Have Sinned is commercial fiction spanning fantasy, science, romance, suspense and is for young adults as well as an older adult audience. It is a neurotic, erotic, fact filled adventure and first of the Max Sinclair trilogy which includes "Lost Sheep" and "Prodigal Son".Learn, Be Astonished & Enjoy...

This book chronicles the development and history all five Ducati Corse World Superbike generations together with interviews with the designers, racers and team managers. This unique insight is provided by renown motorcycle racer and journalist Alan Cathcart who has had the opportunity to test ride every one of the race bikes over the last 25 years

If this summary doesn't pique your interest in Investment Opportunities, Residence and Citizenship Requirements... | Then nothing will! | Available here: Every product in the world, including every luxury brand. French wines? 1,000+ vintages available! Cohiba & other Cuban Cigars, German Delicatessen, Kosher stuff direct from Israel. Arab? Huge selection from Lebanon and Africa.
