Ferrari is a religion without limits that continues to fascinate and attract followers. The multitude of Ferrari Clubs in every corner of the globe are not only their headquarters, but also places where fans can get together. To write about Ferrari and t

Focusing on Mollino's furniture and interior design, this text also showcases his incredible passion for photography, providing a comprehensive overview of his creativity and versatile talents.

È il 1842: Pietro, abile calafato, lascia il lago di Como e si trasferisce sul lago d'Iseo, a Sarnico, dove ha inizio l'avventura dei Riva. Nascono le barche da pesca, poi i battelli a vapore e ancora i primi scafi da corsa e da diporto. Nelle pagine del volume Decio Giulio Carugati racconta la storia dell'evoluzione del Cantiere Riva. L'iconografia declina le immagini di alcuni tra gli scafi più famosi e dei personaggi che hanno contribuito a caratterizzare, per oltre un secolo, il mondo della navigazione da diporto.

Michael Schumacher: the greatest of all time. A champion with a reputation founded on records, the man who has brought most glory to Ferrari in the modern era. With a dramatic coda to the story that we like to think of as a pit stop before a return to the race, to normality. Michael Schumacher enthralled a generation of fans, but not all the episode in his remarkable career are widely known. While it is true that it is in the nooks and crannies of life great novels are born, in this book there is a search for that which in the emphasis on celebration and success has gone unnoticed, painting a picture of a Schumacher full of enthusiasm but with a degree of fragility. The man behind the driver, with his loves, his manias, his passion concealed behind a veil of stubborn reserve that is by no means violated but rather observed from a certain distance, over time, in all its guises and nuances.

For the first time, one of the major names in Italian car design tells his story from the beginning; from when he made his first sketches on paper, unbeknown to his parents and not only of cars, to reaching a point at which his name became synonymous with some of the best known and most important cars on the international front. In his 23-year career at Pininfarina, Leonardo Fioravanti, who was first a designer and architect, then managing director and director general of 'Studi & Ricerche' department, created some of the most beautiful Ferraris of all time; they ranged from the 1965 250 LM sports coupe Speciale to the immortal 1968 Daytona through to the 1975 308 GTB and GTS and the 1984 288 GTO, as well as the P5 and P6 of 1968. While continuing his Ferrari essay during his Pininfarina career, Fioravanti also guided the creation of numerous other projects, among them the Dino road car, the 1980 Pinin four-door prototype and went on to the 1984 Testarossa and the 1987 F40. He worked for the Fiat Group from 1988 until 1991, during which time he took on the roles of deputy director general of Ferrari, later became responsible for advanced design CRF and then head of the Fiat Styling Centre. In 1987, he founded Fioravanti srl, an architectural studio, and in 1991 he extended his services to industry, in particular the design of means of transport. Images of an epoch, designs from his own personal archive never previously seen and, above all, a passionate first person account. Those are the key elements of this outstanding book which, through the creations of Leonardo Fioravanti, covers over 50 years of the history of automobile style and culture.

"One must first imagine a car," stated Enzo Ferrari. Nobody creates pictures worthy of the Commendatore's imagination quite like Gunther Raupp. Not just a random flood of images, this internationally renowned automotive photographer's artworks capture the seductive essence of these status symbols from Maranello-- maintaining the legendary Ferrari luster. Since 1984, Raupp has been the exclusive photographer for its official calendars-- now collectible cult objects. Recently, a major exhibition in the World Cultural Heritage Site of the Volklingen Ironworks was dedicated to his photographs, their almost surreal effects and striking use of backlighting. In 2008 teNeues published Raupp's successful Ferrari, 25 Years of Calendar Images. With The Ferrari Book Gunther Raupp adds an exciting, exclusive collector's item to our line of high quality car books. English/German/Italian/French/Chinese edition.
