In 2007, the Center for Automation in Nanobiotech (CAN) outlined the hardware and software platforms that would one day allow robots smaller than human cells to make medical diagnoses, conduct repairs, and even self-propagate. In the same year, the CBS network re-aired a program about the effects of propranolol on sufferers of extreme trauma. A simple pill, it had been discovered, could wipe out the memory of any traumatic event. At almost the same moment in humanity 's broad history, mankind

discovered the means for bringing about its utter downfall. And the ability to forget it ever happened. This is the second volume in the New York Times best-selling Wool series.

Wool introduced the world of the silo. Shift told the story of its creation. Dust will describe its downfall. Juliette, now mayor of Silo 18, doesn't trust Silo 1, especially its leader, Donald. But in the world of the Silos, there is no black and white — everything is shades of gray. Donald may not be the monster Juliette thinks he is, and may in fact be key to humanity's continued survival. But can they work together long enough to succeed?

Jimmy is a sixteen-year-old boy, and his home is being destroyed. A betrayal has led to one of the worst uprisings in history. Jimmy ' s descent into ' Solo ' is about to begin. With Jules about to meet Solo, Donald ' s world is about to change for one final time. Will he obey the Order? Or will he risk everything to discover the truth?

who he is or where he comes from, but his voice mesmerizes. Under his leadership, war is abolished. Felsenburgh becomes the President of Europe, then of the world, by popular acclaim. Everyone is fascinated with him, yet still no one knows much about him. People are both riveted and frightened by the way he demands attention. Most follow without question. Having been a close observer of President Felsenburgh's rise, Father Franklin is called to Rome, a Hong Kong-style enclave ruled by Pope John XXVI and raised to the College of Cardinals. Meanwhile, defections among bishops and priests increase. At Cardinal Franklin's instigation, the pope abolishes the Eastern Catholic Churches and forms a new religious order, the Order of Christ Crucified. All its members, including the
