The trader's guide to using the Ichimoku indicator on technical charting and market analysis. After years of studying the principles of market sentiment, investment expert and adjunct professor at Baruch College, Kiana Danial, gets to the bottom of this mysterious Japanese indicator, and combines it with Fibonacci retracement levels to develop trading strategies based on individual's risk tolerance; a method that has helped her and her Invest Diva students create profitable investing strategies.Whether you've already started trading, or you're itching to start, this is a recipe for making more profit, more often. What if you could develop winning strategies all by yourself? What if you were the first to spot a trend-change in the market? What if you were able to calculate the exact target levels and aim for them based on your portfolio and risk tolerance? This book will help you build your strategy development skills-fast."Kiana has done a tremendous job of simplifying a powerful yet commonly misunderstood indicator. Intermediate to experienced traders will find this book of great value if they are looking to adjust their medium to long term strategies to fit specific risk tolerances."- Ilan Azbel, CEO at AutoChartist"Kiana's market analysis is always based on empirical, unbiased study and she adheres to the golden rule of trading: "follow the data". If you want to increase your level of success in trading, follow Kiana!"- Jay Norris, Founder, Trading UniversityKIANA DANIAL has been creating successful trading strategies since she was an electrical engineering student in Japan. After doubling her initial investment during the 2008 market crash, by trading the Japanese Yen against the US dollar with the help of a Japanese trader, she rapidly moved to New York to pursue a career on Wall Street. She then launched her investing education website, INVEST DIVA, and received an offer to publish her first investment book by McGraw-Hill. But the success-train was just getting started; once she started teaching her new formula to other traders, the results were simply breathtaking. Now the question is ... are YOU ready to learn the Ichimoku secrets and develop winning strategies?

The book covers the history of candlestick charts - explaining the context in which they developed. It then moves on to explain how in the 1940s and 1950s a journalist, with the pseudonym Ichimoku Sanjin, started refining candlestick analysis by adding a series of moving averages. The book explains in detail how to construct Cloud charts and how to interpret them. A chapter is devoted to the advanced analysis of Cloud charts, with an in-depth study of the Three Principles: Wave Principle, Price Target and Timespan Principle. The book is illustrated throughout with numerous examples of Cloud chart analysis.

With a completely different approach compared to traditional Western indicators, Ichimoku provides a solid boost to improve the quality of investment decisions in any financial market: stocks, cryptocurrencies, futures, index funds, commodities, and Forex. The Ichimoku system is a revolutionary system based on six components that allow the detection of new trends, thus preventing the trader from buying in riskier areas. Experienced traders will confirm, entering a trend market is undoubtedly the best way to cash in profits. The Ichimoku system has several advantages, including: - Autonomous system that can be supported by other indicators - Clear rules for buying and selling - Projection of support and resistance levels in the future - Charts are freely available for all traders The Ichimoku system, developed in Japan, allows the generation of key trading signals in a single chart. No more analyses that include a dozen different indicators. This system has conquered the Asian markets and is about to invade the West. The system is very popular in the Forex currency market. Ichimoku has six components, including five curves with different time horizons, which help to delineate risk areas. This book will be a valuable tool to help you: - Understand the components of Ichimoku - Know how to interpret alerts and signals - Understand the role of emotions in trading - Discover five simple and profitable strategies - Understand how to speed up the triggering of signals - Know the trading rules associated with the types of transactions - Use other indicators in support of Ichimoku This book also provides an overview of the basic concepts in technical analysis that apply to any method of analysis. More than 100 color graphics and tables are present to facilitate the learning of the reader. With Ichimoku, no matter the target market, the analysis remains the same.
