For those who predict that the American experiment can't last, and who worry the social fabric is disintegrating at a time of rising political division, it's worth remembering that back when the ...

Published in Indonesia in 2005, *The Rainbow Troops*, Andrea Hirata's closely autobiographical debut novel, sold more than five million copies, shattering records. Now it promises to captivate audiences around the globe. Ikal is a student at the poorest village school on the Indonesian island of Belitung, where graduating from sixth grade is considered a remarkable achievement. His school is under constant threat of closure. In fact, Ikal and his friends—a group nicknamed the Rainbow Troops—face threats from every angle: skeptical government officials, greedy corporations hardly distinguishable from the colonialism they've replaced, deepening poverty and crumbling infrastructure, and their own low self-confidence. But the students also have hope, which comes in the form of two extraordinary teachers, and Ikal's education in and out of the classroom is an uplifting one. We root for him and his friends as they defy the island's powerful tin mine officials. We meet his first love, the unseen girl who sells chalk from behind a shop screen, whose pretty hands capture Ikal's heart. We cheer for Lintang, the class's barefoot math genius, as he bests the students of the mining corporation's school in an academic challenge. Above all, we gain an intimate acquaintance with the customs and people of the world's largest Muslim society. This is classic storytelling in the spirit of Khaled Hosseini's *The Kite Runner*: an engrossing depiction of a milieu we have never encountered before, bursting with charm and verve.

There was a time when America ' s working class was seen as the backbone of the American economy, having considerable political, economic, and moral authority. But the working class we have now—far more female and racially diverse and employed by the fast food, retail, health care, and other service industries—has been marginalized, if not ignored, by politicians and pundits. This is changing, swiftly and dramatically. Today ' s working class is a sleeping giant. And as Tamara Draut makes abundantly clear, it is just now waking up to its untapped political power. *Sleeping Giant* is the first major examination of the new working class and the role it will play in our economic and political future. Blending moving individual narratives, historical background, and sophisticated analysis, Draut forcefully argues that this newly energized class is far along in the process of changing America for the better. Draut examines the legacy of exclusion based on race and gender that contributes to the invisibility of the new working class, despite their entwinement in everyone ' s day-to-day life. No longer confined to the assembly line, today ' s working class watches our children and cares for our parents. They park our cars, screen our luggage, clean our offices, and cook and serve our meals. They are us. With “ Fight for \$15 ” minimum-wage protests popping up throughout the country (and in some places winning) and economic inequality being recognized as one of the defining issues of our time, today ' s working class will soon become impossible to ignore and foolish to dismiss. *Sleeping Giant* is the first book to tell the story of this extraordinary transformation in full and inspiring detail.

Have your hopes been dashed into pieces when you tried to make a relationship work and the other person didn't respond as you wished? Have you asked someone to forgive you, but he or she didn't respond as you desired? Have you prayed for healing in a relationship, but your prayers haven't been answered? Deanna Doss Shrodes understands these overwhelming disappointments all too well, as

one of the most important relationships in her life was lost. Her wisdom and insights from the journey of that devastating experience help not only those who have faced similar circumstances, but ... Restored brings a message of hope to everyone that you can be restored, even when a relationship isn't. YOU can be restored, even if the other person doesn't respond as you wished. YOU can be restored, even if your spouse leaves you. YOU can be restored, even if your parent rejects you. YOU can be restored, even if a friend betrays you. YOU can be restored, even if you lose the job you love. YOU can be restored no matter what! And it doesn't always involve the cooperation of another. Restored brings forward the important truth that no matter what another person chooses to do, we as individuals can be restored, if we put ourselves in position to be. Restored isn't merely Deanna Doss Shrodes' experience of restoration, but rather a spiritual template and a purposeful guide designed to help readers journey through their own restoration process. Within the pages of this uplifting and insightful story, you will find healing if you will pursue it with your whole heart.

American Christianity teaches the centrality of the individual-my will, my experiences, my decision, my heart, my work, and my dedication. Yet we couldn't be more unaware that Christ and His saving and comforting work are being lost. Our minds and hearts are captivated in some way by those who often preach the Christian instead of Christ. Wolfmueller sounds the alarm against the false teaching and dangerous practices of Christianity in America. He offers a beautiful alternative: the sweet savor of the Gospel, which brings us to the real comfort, joy, peace, freedom, and sure hope of Christ. Book jacket.

Where does our current obsession for interactivity stem from? After the consumer society and the communication era, does art still contribute to the emergence of a rational society? Nicolas Bourriaud attempts to renew our approach toward contemporary art by getting as close as possible to the artists' works, and by revealing the principles that structure their thoughts: an aesthetic of the inter-human, of the encounter; of proximity, of resisting social formatting. The aim of his essay is to produce the tools to enable us to understand the evolution of today's art. We meet Felix Gonzalez-Torres and Louis Althusser, Rirkrit Tiravanija or Félix Guattari, along with most of today's practising creative artists.
