The school's responsibility is to provide an effective learning environment for students to achieve academic success. The California Safe Schools Assessment (CSSA) collects data on individual incidents of school

File Type PDF Pearson Cspace Study Guide

crime from all California public schools and county-operated education programs. The California Department of Education strongly discourages comparisons between or among school districts and county offices of education (COE's). This

File Type PDF Pearson Cspace Study Guide

handbook presents data on school incidents reported during 1995-96 from the four major crime categories--property crimes, crimes against persons, drug and alcohol offenses, and other. Some of the highlights include the following: (1) Property

File Type PDF Pearson Cspace Study Guide

crimes were the most common crimes affecting California schools, representing 34 percent of all crimes reported and an incident rate of 4.9 per 1,000 students; (2) vandalism was the most commonly reported incident in the property-crimes category

File Type PDF Pearson Cspace Study Guide

with an incident rate of 1.7 per 1,000 students; (3) crimes against persons represented 28 percent of all reported crimes with an incident rate of 4.1 per 1,000 students; (4) drug and alcohol offenses represented 26 percent of all reported crimes with an

File Type PDF Pearson Cspace Study Guide

incident rate of 3.8 per 1,000 students; (5) of the reported crimes against persons, 89 percent of the incidents involved no weapon; and (6) students were most often identified as the victims in the crimes-against-persons category (89 percent).
