The famous "powered by WordPress" text is displayed in the footer area of many WordPress themes. If you need to quickly remove it (or simply edit it with your custom code), you could use the Remove Footer Credit plugin which lets you remove specific text or HTML in your footer.

How to Remove "Powered by WordPress"

When you first install WordPress, your site may have a 'Powered by WordPress' link in a footer bar at the bottom. This isn't a widget, so it's often not clear how to change it. Some themes will alter this to their own text and link. If so, you can normally change this text using the live theme customizer.

How to Edit the Footer in WordPress - The Easy Way (Step ...

Removed Powered by WordPress Using A Plugin – Remove Footer Credit Plugin Remove or replace the footer credits or any text or HTML in the page before it is rendered without modifying code. Many WordPress "experts" recommend modifying code (such as the footer.php).

Remove Powered by WordPress in 3 easy steps

Remove "Powered by WordPress" Using Theme Customizer First, you should check whether it's possible to disable the footer credits via WordPress's Theme Customizer: In WordPress's left-hand menu, select Appearance > Customize. Select Footer > Bottom bar.

How to Remove "Powered by WordPress" From the Footer

Find the "powered by WordPress" section. You can do this by scrolling down until you see it or search it using browser search. Do this with Command + F on Mac or CTRL + F on PC. Then start typing "WordPress," and it should show you all the uses of the word.

How to Remove the "Proudly Powered by WordPress" Footer Link

Next, click on the Theme options listing on the left sidebar and you should be able to see a Remove Powered By WordPress option. Simply check in the checkbox option and that should remove the Powered by WordPress footer credit. Remember to click on Publish when you're done and your theme settings should be saved.
