It sounds promising. I've went broke going back and forth from scx digital to scx wos, and I'm not going to be tempted to buy scx advance again. I've moved on with scalextric arc pro, and I like their system very much. I never race six cars because four cars are plenty with my size race track. I wish scx the best of luck with their new system.

perfect complement to its predecessor, brings readers and racers up to date, offering a concise, comprehensive overview of slot car racing's developments, along with expert, practical guidance for putting this information to good use. A primer on the latest digital and analog developments for both 1/32 and H0 scales, Schleicher's book delivers the lowdown on building cars from individual components on ready-to-race chassis, as well as popular tune-up tips to get even more speed and better handling out of today's cars. Schleicher also provides track tests of 70 cars and a slot-car

shootout featuring 23 more vehicles. Finally, Schleicher includes nearly 50 track plans: 14 tabletop-size plans for Scalextric, Classic, Carrera, Sport, SCX, and Ninco brand track; 14 plans modeled on real circuits like Watkins Glen, Monaco, Spa-Francorchamps, Sears Point, and the Bahrain and Shanghai F1 courses; and 17 4x8-foot H0 scale plans. Illustrated throughout with color photography and track plan line art, this is the book that no serious slot car racer can afford to be without.

1/32 scale slot racing, made popular by Scalextric, is enjoyed by all ages. Half the fun of the hobby is taking apart, tuning, upgrading and reassembling the cars, but until now this has been a black art. For the first time, this complete guide to tuning and racing gives step-by-step instructions on how to set up the cars and the track to give the best performance.

Worldwide Racing Directory, listing active slot car raceways from different countries in 5 continents...! By 1966, model-car racing was so popular that it threatened to replace bowling as the nation's favorite indoor sport. For as grand as the outcome, the force that propelled slot-car racing into a national pastime was a simple one: the realism of the original slot cars. The builders and racers of these models knew that the quest for speed should not come at the cost of the way a car looked. Their design was at the heart of their very integrity. In this new effort, author, researcher and slot-

car racer Carlo Tonalezzi charts the meteoric rise of this hobby-sport and photographs classic model racing cars in their natural habitat: The commercial racing tracks. Models made by Russkit, AMT, COX, MPC, Monogram, and more are captured on vintage tracks from the American Model Car Raceways. These realistic beauties were made during the Golden Years of Model Racing. True pieces of Americana, they are today as magnificent as ever.
