United States are Stedman's, Taber's, and Dorland's Pocket Medical Dictionary. Other significant medical dictionaries are distributed by Elsevier, the world's largest publisher of medical and scientific literature, and their French division Masson.

Medical dictionary - Wikipedia

Stedman's Medical Dictionary is the reliable, essential resource for the health care field, including medical students, physicians, educators, researchers, medical records/coding, and medical language specialists. You can search for the definition of a term, hear it pronounced, see it illustrated, and watch it in motion. In short, you will be given all of the tools you need to learn, understand, and use medical terminology correctly.
