addresses these issues in the context of poverty and justice. Part I offers a set of conceptual essays, some of which debate the strength of the often misunderstood individual focus of the ...

The Capability Approach

The capability approach (also referred to as the capabilities approach) is a normative approach to human welfare that concentrates on the actual capability of persons to achieve their well-being rather than on their mere right or freedom to do so. It was conceived in the 1980s as an alternative approach to welfare economics. In this approach, Amartya Sen and Martha Nussbaum bring together a ...
