National Bestseller One of Newfoundland's funniest and most beloved storytellers offers his cure for the Covid blues. Is there a more sociable province than Newfoundland and Labrador? Or anywhere in Canada with a greater reputation for coming to the rescue of those in need? At this time of Covid, singer, songwriter and bestselling author Alan Doyle is feeling everyone's pain. Off the road and spending more days at home than he has since he was a child hawking cod tongues on the wharfs of Petty Harbour, he misses the crowds and companionship of performing across the country and beyond. But most of all he misses the cheery clamour of pubs in his hometown, where one yarn follows another so quickly "you have to be as ready as an Olympian at the start line to get your tale in before someone is well into theirs already." We're all experiencing our own version of that deprivation, and Alan, one of Newfoundland's finest storytellers, wants to offer a little balm. All Together Now is a gathering in book form--a virtual Newfoundland pub. There are adventures in foreign lands, including an apparently filthy singalong in Polish (well, he would have sung along if he'd understood the language), a real-life ghost story involving an elderly neighbour, a red convertible and a clown horn, a potted history of his social drinking, and heartwarming reminiscences from another past world, childhood--all designed to put a smile on the faces of the isolated-addled. Alan Doyle has never been in better form--nor more welcome. As he says about this troubling time: "We get through it. We do what has to be done. Then, we celebrate. With the best of them."

Following the fantastic success of his bestselling memoir, *Where I Belong*, Great Big Sea front man Alan Doyle returns with a hilarious, heartwarming account of leaving Newfoundland and discovering Canada for the first time. Armed with the same personable, candid style found in his first book, Alan Doyle turns his perspective outward from Petty Harbour toward mainland Canada, reflecting on what it was like to

venture away from the comforts of home and the familiarity of the island. Often in a van, sometimes in a bus, occasionally in a car with broken wipers "using Bob's belt and a rope found by Paddy's Pond" to pull them back and forth, Alan and his bandmates charted new territory, and he constantly measured what he saw of the vast country against what his forefathers once called the Daemon Canada. In a period punctuated by triumphant leaps forward for the band, deflating steps backward and everything in between--opening for Barney the Dinosaur at an outdoor music festival, being propositioned at a gas station mail-order bride service in Alberta, drinking moonshine with an elderly church-goer on a Sunday morning in PEI--Alan's few established notions about Canada were often debunked and his own identity as a Newfoundlander was constantly challenged. Touring the country, he also discovered how others view Newfoundlanders and how skewed these images can sometimes be. Asked to play in front of the Queen at a massive Canada Day festival on Parliament Hill, the concert organizers assured Alan and his bandmates that the best way to showcase Newfoundland culture was for them to be towed onto stage in a dory and introduced not as Newfoundlanders but as "Newfies." The boys were not amused. Heartfelt, funny and always insightful, these stories tap into the complexities of community and Canadianness, forming the portrait of a young man from a tiny fishing village trying to define and hold on to his sense of home while navigating a vast and diverse and wonder-filled country.

A rambling trip through a colourful and melodic St. John's childhood, combined with a how-not-to-do-it-yourself guide to the music business and a thoughtful and sometimes poignant look at the way a legendary Canadian band creates music - all of these threads and many others are pulled together by writer and musician Bob Hallett. *Writing Out the Notes* began as a series of essays Hallett wrote to explain his love of music, but it turned into a humorous biography and a kind of extended solo on music

and how his love for it transformed his life. Although he is best known for his role in *Great Big Sea*, Hallett has long had a parallel career as a writer. And while some writers seek inspiration from travel, history, or romance, for Hallett, the place where he grew up provided all the inspiration he never needed.

Canada's beloved comic genius tells his own story for the first time. What is Rick Mercer going to do now? That was the question on everyone's lips when the beloved comedian retired his hugely successful TV show after 15 seasons—and at the peak of its popularity. The answer came not long after, when he roared back in a new role as stand-up-comedian, playing to sold-out houses wherever he appeared. And then Covid-19 struck. And his legions of fans began asking again: What is Rick Mercer going to do now? Well, for one thing, he's been writing a comic masterpiece. For the first time, this most private of public figures has turned the spotlight on himself, in a memoir that's as revealing as it is hilarious. In riveting anecdotal style, Rick charts his rise from highly unpromising schoolboy ("Rick still owes 15 dollars to the chocolate bar fundraiser" was one of the less brutal items on a typical report) to heights of TV fame, by way of an amazing break as a teenager when his one-man show, "Show Me the Button, I'll Push It. Or, Charles Lynch Must Die," became an overnight sensation—thanks in part to a bizarre ambush by its target, Charles Lynch himself. That's one story you won't soon forget, and this book is full of them. There's the tale of how little Rick stole a tree from the neighbours that's set to become a new Christmas classic. There's Rick the aspiring actor—hitting the road as a new young punk in a vanload of hippies and appearing on stage in Shakespeare—and a wealth of behind-scenes revelations about *This Hour Has 22 Minutes*, *Made in Canada*, *Talking to Americans* and the coming of the mega-hit *Rick Mercer Report*. It's a life so packed with incident and laughter we can only hope that a future answer to "What

The inspiration for the Play It Loud exhibition at the Metropolitan Museum of Art "Every guitar player will want to read this book twice. And even the casual music fan will find a thrilling narrative that weaves together cultural history, musical history, race, politics, business case studies, advertising, and technological discovery." —Daniel Levitin, Wall Street Journal For generations the electric guitar has been an international symbol of freedom, danger, rebellion, and hedonism. In Play It Loud, veteran music journalists Brad Tolinski and Alan di Perna bring the history of this iconic instrument to roaring life. It's a story of inventors and iconoclasts, of scam artists, prodigies, and mythologizers as varied and original as the instruments they spawned. Play It Loud uses twelve landmark guitars—each of them artistic milestones in their own right—to illustrate the conflict and passion the instruments have inspired. It introduces Leo Fender, a man who couldn't play a note but whose innovations helped transform the guitar into the explosive sound machine it is today. Some of the most significant social movements of the twentieth century are indebted to the guitar: It was an essential element in the fight for racial equality in the entertainment industry; a mirror to the rise of the teenager as social force; a linchpin of punk's sound and ethos. And today the guitar has come full circle, with contemporary titans such as Jack White of The White Stripes, Annie Clark (aka St. Vincent), and Dan Auerbach of The Black Keys bringing some of the earliest electric guitar forms back to the limelight. Featuring interviews with Les Paul, Keith Richards, Carlos Santana, Eddie Van Halen, Steve Vai, and dozens more players and creators, Play It Loud is the story of how a band of innovators transformed an idea into a revolution.

Fiction Shortlisted for the 2019 Kobo Emerging Writer Prize Longlisted for the 2019 RBC Taylor Prize Shortlisted for the 2019 Stephen Leacock Memorial Medal for Humour A hilarious story of family, getting into trouble, and finding one's place in the world What could be better than growing up in the 1980s? How about growing up in 1980s Newfoundland, which--as Mark Critch will tell you--was more like the 1960s. Take a trip to where it all began in this funny and warm look back on his formative years. Here we find a young Mark trick-or-treating at a used car lot, getting locked out of school on a fourth-floor window ledge, faking an asthma attack to avoid being arrested by military police, trying to buy beer from an untrustworthy cab driver, shocking his parents by appearing naked onstage--and much more. Best known as the "roving reporter" for CBC's This Hour Has 22 Minutes, Mark Critch has photo-bombed Justin Trudeau, interviewed Great Big Sea's Alan Doyle (while impersonating Alan Doyle), offered Pamela Anderson a million dollars to stop acting, and crashed White House briefings. But, as we see in this playful debut, he's been causing trouble his whole life. Son of a Critch captures the wonder and cluelessness of a kid trying to figure things out, but with the clever observations of an adult, and the combination is perfect.

A philosophical exploration of pop music that reveals a rich, self-reflexive art form with unsuspected depths. In the first major philosophical treatise on the subject, Agnès Gayraud explores all the paradoxes of pop—its inauthentic authenticity, its mass production of emotion and personal resonance, its repetitive novelty, its precision engineering of seduction—and calls for pop (in its broadest sense, encompassing all genres of popular recorded music) to be recognized as a modern, technologically mediated art form to rank alongside cinema and photography. In a thoroughgoing engagement with Adorno's fierce critique of "standardized light popular music," *Dialectic of Pop* tracks the

transformations of the pop form and its audience over the course of the twentieth century, from Hillbilly to Beyoncé, from Lead Belly to Drake. Inseparable from the materiality of its technical media, indifferent and intractable to the perspectives of high culture, pop subverts notions of authenticity and inauthenticity, original and copy, aura and commodity, medium and message. Gayraud demonstrates that, far from being the artless and trivial mass-produced pabulum denigrated by Adorno, pop is a rich, self-reflexive artform that recognises its own contradictions, incorporates its own productive negativity, and often flourishes by thinking "against itself." Dialectic of Pop sings the praises of pop as a constitutively impure form resulting from the encounter between industrial production and the human predilection for song, and diagnoses the prospects for twenty-first century pop as it continues to adapt to ever-changing technological mediations.

Singer, guitarist, writer, producer and leader of the band April Wine, Myles Goodwyn's passion and drive shaped and directed the group from its earliest beginnings. He is the only remaining original member of the group since the inception of April Wine in 1969. Goodwyn grew up poor and is the classic "small-town kid makes good" success story. As a young teen, Goodwyn honed his skills, playing in bands such as East Gate Sanctuary and Woody's Termites. From the very beginning, Goodwyn plotted the course of the band. His unique but classic rock voice gives April Wine a distinct and immediately recognizable sound. Ranging from hard rock classics to soulful ballads, his vocal range and style can really grab a hold of you. His songwriting skills are prolific. He has penned virtually every April Wine song. He has a knack with words and seems to have an ability to write a catchy tune at will. Through the ups and downs and changing faces of the band, the one thing that has remained constant is Myles Goodwyn. Even today and with their latest release and shift in direction, his voice is as strong and

apparent as ever. Now in its fourth decade, April Wine continues to charge ahead as one of Canada ' s very best rock bands. And as far as rock history goes, Myles Goodwyn is already a living legend (especially in the annals of Canadian rock history), being known as one of the all-time greats. In *Just Between You and Me*, Goodwyn shares the story of his upbringing, first at home in rural New Brunswick and then in the music business as the lead singer of one of Canada ' s most popular bands ever, April Wine.
